#### Power'd™

It's alive! In a secret lab, build your own motorized creature and bring it to life while helping a mysterious scientist harness the power of nature.

#### Hatched™

The *Hatched* online virtual world is disappearing! Help save the avatars by creating, marketing, and selling goods in this extraordinary marketplace.

#### SMArt: Science, Math & Art™

What do soap bubbles, honeycombs, and lightning bolts all have in common? Explore their surprising connections in the Pattern Kingdom.

#### I Can Invent III™

Take apart a broken machine and see what's inside. Then use its gears, guts, and gadgets to invent a machine that's never been seen before.

#### Global Games™

Explore soccer and other sports as they were first played in ancient times. Add your own twist, get out of your seats, and get ready to play!

*"The student engagement was amazing to see. It was so different than what we observe in many of our classrooms..." - Camp Invention Instructor*
